Welcome to Discovery Cube Los Angeles

Our friendly staff can help with exhibit questions, spills, lost and found, and band-aids. Look for us in our purple polos!

Friendly Reminders
- Please refrain from eating or drinking while exploring the exhibit floors.
- Park strollers in designated areas. Strollers blocking walkways and exhibits will be moved.
- Always walk to the next exhibit and watch out for the little ones!
- Follow exhibit safety instructions from signs and staff.
- Stay in close proximity to your child at all times.
- Be respectful of exhibits, staff, and other guests.
- Keep your admission ticket with you at all times during your visit. Your ticket is required for same day re-entry.

Lost Child
- Breathe. We are here to help.
- Locate a staff member wearing a purple polo.
- Give the staff a description of the missing child: name, age, hair color, complexion, outfit, and the last known location. If you have a picture from today, even better!
- Please stay with the staff member.
- We will use our internal communication system to share the information. All available staff will begin searching each location until your child is found.

We Are Here to Help
Visit us at Guest Relations for assistance.

First Aid
Supplies available at Guest Relations Desk. If you are having an emergency please locate the first staff member you see.

Nursing Room
Family Room located on the first floor in the Early Learner’s area.

Changing Tables
Available in all restrooms. In some restrooms, the changing table is located inside the handicap stall.

Family Bathroom
Located on the first floor near Guest Relations and the Exit.

Lost & Found
Located at Guest Relations.

Cafe
Bean Sprouts offers kid-friendly sandwiches, pizzas, salads, and snacks. They can accommodate almost any food allergy or sensitivity.

Quick Snacks and Beverages
Quick snacks and beverages are available at the Elements Science Store.

Take Science Home
Keep exploring all the way home! Get a souvenir or a gift for your favorite scientist from the Elements Science Store. The Elements Store offers a great selection of science kits, games, puzzles, books, souvenirs, and accessories. All purchases help to support Discovery Cube’s educational mission.
